

ZAID MOSTAFA SHAREEF

Full-Stack Developer | UI/UX Designer | Video Editor | Sounds Expert

✉ zaidshareef1852@gmail.com ☎ 0779301409 📍 Amman, Jordan 🔗 Portfolio 🌐 Zaid Shareef

SUMMARY

Motivated Software Engineering graduate with a strong foundation in technology and proven experience in creative media production. Skilled in UI/UX design, video editing, sound design, and front-end development. Combines technical expertise with creative problem-solving, effective communication, and strong teamwork abilities to deliver high-quality digital experiences.

EXPERIENCE

Frontend Internship

07/2026 – 08/2026

Amman, Jordan

- Software engineering intern at a digital marketing agency, developing React and React Native interfaces, admin dashboards, and a complete e-commerce site — covering UI/UX design, front-end and back-end integration, database work, and deployment.
- Worked in a collaborative, Agile-style environment — debugging, testing, and using Git/GitHub for version control across iterative development cycles.

Video Editor

2022 – 2026

Hashemite University

Volunteering and personal edits

- Edited and produced video content for university events, campaigns, and social media channels.
- Collaborated with cross-functional teams to plan, storyboard, and deliver high-quality media assets on tight deadlines.
- Created motion graphics and animations to enhance visual storytelling for promotional materials.
- Managed audio mixing and sound design to ensure professional-quality output across all productions.

PROJECTS

Graduation Project – SWAG Aggregation Guide 🔗

11/2025 – 06/2026

React Native · ASP.NET Core · REST API · SQL Server

- Delivered as a team graduation project across two phases: (1) full system analysis & design — requirements, UML use case / sequence / class diagrams, and ER schema; (2) implementation as a working product.
- Built the frontend with React Native (Expo) based on the prototype design from phase one.
- Built the .NET backend and the REST API that served JSON over HTTP to the mobile client, with data persisted in SQL Server.
- Managed scope, timeline, and deliverables for a 4-person team across three milestones using Asana.

Waves E-Commerce 🔗

07/2026 – 08/2026

React, Laravel API, XAMPP

WAVES is a sleek, responsive e-commerce web app for:

- premium footwear, featuring dynamic product filtering, seamless category browsing, bilingual (Arabic/English, full RTL support), and an interactive shopping cart with a full admin dashboard organizing the website.

Freelance Video Editing Projects 🔗

2020 – Present

- Produced and edited various video projects including event coverage, promotional content, and social media reels.
- Applied creative transitions, color grading, and sound design to elevate production quality.

EDUCATION

Bachelor of Software Engineering

Hashemite University

2022 – 2026

Zarqa, Jordan

Graduated with a 3.24/4.00 GPA, specializing in Full-Stack Development (coursework: System Analysis & Design, Software Testing, Software Project Management). Active member of the SWETER student club, with participation in international events, conferences, and technical competitions.

SKILLS

Design

Figma, Picsart, Canva, UI/UX Design, Graphic Design, Visual Design

Video & Audio

CapCut, Video Editing, Animation, Sound Design, Media Production

Programming

- Languages: JavaScript, C#
- Front-End: HTML, CSS, React, React Native, Front-End Development
- Back-End: ASP.NET & Core (C#)
- Database: PostgreSQL

Soft Skills

Communication, Teamwork, Problem-Solving, Time Management, Collaboration

CERTIFICATES

Endpoint Security

Focus Area: Defending entry points from malware, ransomware, and unauthorized access.

ADDITIONAL INFORMATION

Languages

Arabic (Native), English (Intermediate)

Interests

Digital Media Production, UI/UX Research, Sound Engineering, Creative Technology
